Scholarships, 7+ (Entry to Year 3)

Tormead Prep School is delighted to offer Academic Scholarships at Year 3 (7+), available to girls – both current Pre-Prep pupils and external applicants.

External candidates will be invited to sit 7+ Entry tests in English, Mathematics and Verbal Reasoning, along with current pupils, on Monday 8 January 2023. There is no separate scholarship application form to complete in order to be considered for this award. Similarly, current Pre-Prep girls are automatically considered for the scholarship and do not need to submit a registration or application form.

All Year 3 girls will take part in the Academic Scholarship Interviews on the same day as the assessments. These small group interviews, lasting 25 minutes, will focus on activities using critical thinking skills.

Scholarship Award

The scholarship is worth a 10% reduction in fees and will be for the duration of the girl's time in the Prep School. There will be an expectation that the girl will perform at a high academic level throughout her time at the Prep School and participate fully in the Beacon Programme.
